

Common European Framework of Reference for Languages Equivalency Table

The Language Service has produced this table as a guide to establish equivalences between language certificates from different institutions and the levels set out in the Common European Framework of Reference for Languages: Learning, Teaching, Assessment. It is also a useful guide for UIB staff who wish to accredit their merits. At the time of publication, the levels for each certificate are those recommended by benchmark institutions.

N.B.: This is the 2022 version. Any 2023 updates will be added, where applicable.
